CORRECTIONS TO IDS FILED NOVEMBER 8, 2004

Errors have been found in the IDS filed November 8, 2004.
The corrections are as follows:

1. Page 1, line 7 from the bottom of the IDS filed November 8, 2004, change "11-68363" to --1-168363 (which matured into Japanese Patent No. 2628054--).

2. The Japanese document listed under FOREIGN PATENT DOCUMENTS in the form PTO/SB/08A filed November 8, 2004 is incorrectly identified. The correct document No. "Japanese Patent No. 2628054" is now correctly identified on the new form PTO/SB/08A filed concurrently herewith. The error arose due to the fact that the English language Abstract is for the 18-month publication of the Japanese application that matured into Japanese Patent No. 2628054. The identification of document number 11-68363 in the form PTO/SB/08A filed November 8, 2004 can be deleted.

It is respectfully requested that the Examiner consider the documents submitted herewith and make them of record.

Respectfully submitted,

Leonard Holtz, Esq.
